

PRESS RELEASE

Brief portrait

Arntz Optibelt Group, Höxter

Passion meets precision

The Arntz Optibelt Group is one of the leading global producers of high performance drive belts and develops sophisticated drive solutions for customers all over the world. The family-run company offers state-of-the-art technology and quality in the form of industry-specific products.

Optibelt manufactures a wide variety of drive belts, drawing on 150 years' experience of rubber processing. Eight production facilities in six countries and worldwide sales offices provide a successful platform for the Group's international activities.

More than 2400 employees on five continents belong to the Arntz Optibelt family and ensure that everything runs smoothly, both in production and within the company organisation.

More than 25,000 belt models are permanently available and can be shipped within 24 hours.
