

SUCCESS STORY

SPECIAL CONSTRUCTION ZR

INDUSTRY

Road Construction

APPLICATION

Shaker Screen

COMPANY PROFILE

Asphalt plant

PROBLEM

Inclined screen's aggressive application caused competitor timing belts to tear up quickly.

SOLUTION

Optibelt HP Construction Trapezoidal Profile Timing Belts

RESULTS

The trapezoidal profile timing belts were provided in the HP construction with special fibers in the rubber.

Due to the belt's superior construction, the power ratings and tooth shear strength doubled.

The stronger belts were able to handle the rough application much better than the competition.
