

SUCCESS STORY

ALPHA POWER

INDUSTRY

Textile

APPLICATION

Spinning Machine

COMPANY PROFILE

Weaver

PROBLEM

The drive was fitted with a polyurethane timing belt that was not suited to the demands of the drive. The short, 3 month, lifetime of the belts was leading to high costs and unexpected downtimes.

SOLUTION

optibelt ALPHA POWER

RESULTS

The increased power capacity of Optibelt Alpha Power casted polyurethane timing belts increased the lifetime of the belts to over 8 months. That is a 2-3x improvement in cost and reliability.
