

SUCCESS STORY

ALPHA SPECIAL

INDUSTRY

Confectionary

APPLICATION

Side Transfer Belt

COMPANY PROFILE

Chewing Gum Manufacturer

PROBLEM

The transfer belts were only lasting 6 months. The cleats would detach from the belt. The high cost of the belts coupled with the low service life was not satisfactory.

SOLUTION

OPTIBELT was able to supply T10 520 100 timing belt with 6 non-standard cleats at a competitive cost.

RESULTS

The custom belts have lasted over 12 months and counting. This more than 2x the lifespan of any prior belt the customer as used.
